Prestigious Core City Location

At the centre of influence, 10 Throgmorton Avenue stands at the traditional heart of the City, immediately adjacent to BlackRock’s European headquarters and within steps of many of the world’s most respected financial and professional firms. Rothschild & Co, UBS, White & Case, Rathbones, and Standard Chartered all call this neighbourhood home.

Positioned on the west side of Throgmorton Avenue – a private, gated road linking London Wall to the Bank of England – the building enjoys a location that combines both prominence and discretion.

The avenue itself is steeped in history, jointly owned and maintained by the Worshipful Company of Carpenters and the Worshipful Company of Drapers, whose historic livery halls define either end. This blend of heritage, exclusivity, and world-class occupiers cements 10 Throgmorton Avenue as a truly prestigious address.

Elizabeth Line

The £20 billion Elizabeth line opened in May 2022 and is the first line to connect London via Stratford to the east and Heathrow to the west. It is also Europe's largest infrastructure project providing high speed, high frequency train services through Central London. It has transformed travel across London and the Southeast by providing additional capacity, direct links to central London and cutting journey times. Garden House is strategically positioned to benefit from both Moorgate and Liverpool Street stations.

Connectivity

Liverpool Street, Moorgate and Bank are all within five minutes on foot. The Elizabeth Line connects you to Heathrow in half an hour. With five Underground lines and mainline rail, this part of the City is one of the best connected in London.
